**CCHC - An Invaluable Resource to
Early Childhood Program Leaders Serving HealthCare Facilities**

CCHC Mission Statement:

*To enhance, support, and empower leaders of child care programs within
health care organizations across the nation.*

I love the instant connection to CCHC members through email, being able to get questions answered quickly, and receiving advice from a vast pool of professionals. The information shared through CCHC Surveys and Benchmarking are my top reasons for joining CCHC.
